

p.101 The right side of the first displayed equation in Exercise 4.1.10 contains “§” which should be “S”.

p.144 Line 3 of Exercise 5.5.6 should start “letting $\{u, v\}$ ”, not “letting $\{v, w\}$ ”.

p.278 The next to last line has a plus sign missing in front of the second $2x$. It should read

$$= \sum_{k=0}^{\infty} (2x)^k + 2x \sum_{k=0}^{\infty} c_{k-1} x^{k-1} - 1$$

p.294 The first line of the second paragraph contains “unlabeled” twice. Remove one occurrence of “unlabeled”.

p.302 Exercise 10.4.14(c) should ask for a_n , not s_n .

p.312 It would be good to mention that Example 11.3 relates to the Catalan numbers. (See the index and Example 1.13 on page 15.)
