Dear Professor Erdos:

We have received our referee's report on your paper ON THE SOLUBILITY OF EQUATIONS IN DENSE SETS OF INTEGERS AND REAL NUMBERS. The referee writes "this is an expository article with no new results and I consider it not suitable for publication in your Boletín".

I regret to inform you that we are not accepting it for publication in our journal. Under separate cover, I am sending you your manuscript by air mail.

Of course, anytime that you want to submit another paper, we will be very glad to consider it.

With best wishes, I remain,

Sincerely yours,

*Samuel Gitler*

*P.S. Your paper is quite interesting, but the people here didn't inform you that our journal publishes only research papers.*
