Please keep your comments constructive and professional, abiding by the Principles of Community

- He's really good at explaining things and his office hours were at really convenient times for me

- Hi! Sorry I stopped showing up to your discussion by like week 6. You genuinely did a great job leading discussion, I just got busy with life stuff and math 109 wasn't my top priority. I feel bad because only like 3 people showed up but know thats not because you teach poorly (you were my favorite TA this quarter), thats just because its math 109.

- I felt he graded the homeworks a little harshly; he didn't provide much (if any) partial credit for strong attempts on problems.

- Would be great if the instructor responded to emails faster
