9. Do you have any other comments to add to your evaluation?

Please keep your comments constructive and professional, abiding by the Principles of Community

- Caring, knowledgeable and always willing to help. I attended all your discussion sections and I think they were very beneficial. To improve, please write bigger on the blackboard. Also, sometimes you talk quite soft. Try to talk louder and articulate your voice. Additionally, sometimes you intentionally sigh a lot which can make students feel uneasy. Overall, excellent TA and fun to talk to. Good luck with your doctoral paper Shubham.
- Didn't respond to emails, very unclear about grading criteria and provided no explanation to questions asked.
- He was a good TA but he wrote very lightly on the board and although interesting the problem did not always relate to the topic my professor was teaching us and were often way more complicated on random things. (My professor was "interesting" so that may have affected how I perceive this discussion) but overall enjoyable.
