- It was hard for me to understand what he was saying due to his accent. However, he was very helpful and assisted me when I had questions.

- Need to speak louder and clearer, be more engaging

- One thing that I think would improve with section performance would be if the TA attends lecture, or looks at homework topics/professor's notes to kind of know what was learned in class, and what needs to be reviewed in section. I do like that he asks students what questions we have about homework, and is open to doing some homework problem examples in section.

- Overall, Shubham Sinha is a good teacher and helped with my assignments. Sometimes I couldn't understand what he was saying because he was speaking to quietly and he writes on the board to small.

- strong accent, but most of the time understandable

- Too quiet
