- I cannot find him in his office hour, and his discussion was hard to understand
- Nice person, understand the course material very well
- Not able to explain a lot of things properly,
- There were two teacher assistants this quarter and I attended both discussions, but mainly Shubham's discussion since he was my assigned TA. I felt more prepared for the course in the other discussion and we covered more material (sometimes in advance of class lectures) in the other discussion. His handwriting on the blackboard was a little difficult for me to read and sometimes I had trouble understanding his speech because of his accent. However, Shubham was very helpful and answered all student questions during discussion.
- This person is good at table tennis.
