- Shubham is very helpful and knowledgeable in his office hours.
- Shubham was a great TA and super organized during his office hours! I especially appreciated that during the office hours he explicitly asked each participant in the Zoom meeting if they had any questions. This ensured that everyone got an opportunity to ask questions and increased interaction between the students. Occasionally Shubham also supplemented the content covered in the lectures by highlighting some interesting special case. E.g. he once showed us some visualizations of the Möbius transformations we covered in class. I found it super cool!

Shubham was a very good TA and I would definitely recommend him to other students.

- Sometimes office hours were very helpful, but later in the quarter seemed less prepared, which made things very confusing. I appreciated that Shubham made sure to ask each student if he/she had a question when there were many students in OH.
